

SPAY/NEUTER CERTIFICATE

This certificate must be presented to the participating veterinarian
PRIOR TO SURGERY.

This certificate entitles the bearer to a reduced fee for the routine
ovariohysterectomy (spay) or castration (neuter) of your pet.
This certificate is not valid with any other discount offer.

Your veterinarian may require that certain conditions be met prior to
surgery. These conditions concern the cleanliness, vaccination history, and
the basic health status of your pet. Any additional fees will be quoted in
advance of surgery. (see NOTICE below)

NOTICE: the physical condition of you pet can affect the cost of surgery.
Animals that are in heat, pregnant or obese involve additional surgery time
and may result in additional charges. Unbathed or flea-ridden animals are
more prone to developing post-surgical infections and should not be taken to
the veterinarian in that condition. If the pre-surgical exam shows that your
pet has heath problems, your vet may require treatment prior to surgery.

*This reduced fee program is made possible through the cooperation of the
individual veterinary clinics listed on the reverse side. The Santa Cruz SPCA
wishes to thank these dedicated veterinarian, who receive no outside
financial subsidies for the spay or neuter of you pet.*

Additional certificates are available from the Santa Cruz SPCA:
